I Sat**at the
BORO COUNCIL MEETING**

"The older order changeth, making way for the new..." and that's how it was last week at the first Council meeting chaired by Mayor Albert St. George.

THE OLD ORDER...

Councilman James V. Goodwin read a prepared statement (reproduced in full elsewhere in this issue) which he asked be included in the minutes.

Outgoing Councilman Sattler thanked the Police Department for the excellent cooperation they had given him while he served as Police Commissioner—said he felt members of this department were underpaid and hoped the new Council would increase the pay of these men who risk their lives to protect Boro residents. He also referred to an article which deplored the "one party system" in government and detailed its dangers. Sattler said the thought "terrified" him.

Outgoing Mayor Eugene Molnar joked about the implication in the statement that "young people were taking over"—he said that at 47 he doesn't feel old and still has a "lot of fight" left in him. He went on to say "I'm going to be around, I'm going to be here all the time and oppose things that are not in the best interests of our town." He thanked all Boro employees for their courtesy and cooperation. Molnar said he was disturbed about the report that Teterboro was to be divided and included as part of four surrounding towns. Would this stop at Teterboro, he asked. He said in his term of office as Mayor, there were times it was "hard not to become a cynic." However, to balance the scales, he said "I have also met so many nice people and have no tears, no regrets." And so Mayor Eugene Molnar turned over the reins of our Borough Government to Incoming Mayor Albert St. George and the old Council was adjourned.

THE NEW ORDER...
Councilman Charles Verga

took his seat. Mayor St. George formally resigned his post as Councilman and Roy Meyer was appointed to fill this seat for the remainder of the one year term in a 3-2 vote of the council. Before this motion was voted on, Councilman James V. Goodwin read this message to Mayor St. George:

"Mayor—I realize you have an obligation to your leader, Mr. Andora, and to your organization in making appointments to municipal posts. I also realize the State Statutes give you the power to nominate and appoint with the ADVICE and CONSENT of the council in making these appointments.

"Whereas you have an obligation to Mr. Andora and your organization, you also, as the Mayor have an obligation to all elected Councilmen and the people of the borough of East Paterson, to perform your duties as an impartial elected official.

"The term ADVICE and CONSENT, I assume to mean that all councilmen have the right to submit names to be considered to fill vacancies, not just to take it for granted that you follow the dictates of your leader because the majority is in your favor. This is my interpretation of the statute since it is we, as elected officials, who must decide and vote on all measures, and not sacrifice our rights as individuals to make recommendations on all matters for consideration.

"I realize you, as Mayor, will seldom, if ever, be placed in a position where you will be called upon to vote on any matter, since it is obvious by your actions and statements to the press, that your majority vote is already recorded. Regardless of this, the courtesy and consideration should have been extended to the other councilmen to seek their advice and opinion, as the law so clearly states."

Pursuing his right as Councilman, Goodwin introduced a

PEOPLE ARE WONDERING... What ever happened to Pat Collura, LeRoy Toci and Mr. Daggett? Where were they when the political plums were being served up by the U-D's?

EYE-BROWN RAISER...When former Councilman Frank Cortese objected to the proposed \$100 raise for the little T-C as school fund custodian, Russell Fenn jumped up to defend the proposal. Could this have been in gratitude for the little T-C having signed Fenn's petition for School Board Trustee? Politics do indeed make strange bed-fellows!

POINT....COUNTER POINT.... Many of our good burghers wonder what ever happened to the charges levelled against Andora by ex-Mayor Molnar. Was the situation ever resolved? Did Andora ever explain his position to the good Judge who was to investigate the matter. Did the good Judge ever go any further with the hot potato? Was the whole thing forgotten in view of the fact that Andora emerged as "Mr. Big in Bergen County" as a result of November's debacle?

SOUNDS ODD....Reason given for abandoning the Adult School was "a deficit of \$400"? How come? According to their own literature, all registration and tuition fees must be paid in advance. In addition, it is clearly stipulated that a required number of applicants MUST be received for each and all courses offered, otherwise courses not meeting this applicant quota WILL NOT BE OFFERED! How can the operation show a deficit if it is determined beforehand exactly what the gross income will be... and exactly what the total costs will be?

EVEN ODDER...was another "reason" for dropping the program as advanced by Russ Fenn. Said Mr. Fenn, "The Adult Education Committee found that the program was... out of towners than residents." Caramba! Since when does East Paterson have a monopoly on education? We always thought education was a thing to be shared by all who are interested.... particularly if they plunk down their money for this purpose.

APPOINTEES....TAKE NOTE! Political appointees would do well to use Boro Clerk Ronald Frano as the perfect example of one who can serve both his party and his community well. To a gentleman of Mr. Frano's calibre, his treatment of you isn't measured by how you voted!

POLITICAL IDEOLOGY? Outgoing Councilman Earl Sattler made an impassioned speech about the importance of the two-party system in government. And we agree—to a point. On a local level, we think it depends more on the individual than the party—that is if the individual will vote on issues with an eye to what's best for the Boro, rather than what's best for his party.

GUESS OUR GUEST

Our guest today is a well known business man and has resided in our boro for twenty years. Self-employed, his occupation demands a great deal of technical knowledge and highly developed skills working with tools. He's a Navy veteran, is married, and has a married daughter who, along with her husband are also boro residents. Active in civic affairs, he will be honored at a dinner in February, commemorating his recent election to a high post in the local branch of a national organization. A nice guy, a credit to our community, and when people have troubles, he'll always go a long way to straighten things out. If you haven't guessed by now, turn to page 8

But the students don't complain they just do the best job they can and their only concern is to put out a paper the students of E.P. Memorial will enjoy reading.

Word of the Lord Teachings II Thess. 3:1 WARREN F. YOUNG

Pastor First Presbyterian Church

"A LITTLE LOWER THAN THE ANGELS"

As we read our newspapers, view T.V., or hear the radio we are, or should be, shocked at the things that man will do to others and to himself. He seems to be living more and more by sheer animal instincts; than as some special creation of God that was once termed "very good". Yet I truly believe that man is above the animal level, and is in fact above all that has God-given life. He is above all else, not because of his own past efforts, or present desires, or future ambitions; but simply because God has so created him that way. In fact the word of the Lord teaches us that man is just "a little lower than the angels". Psalm 8:5 Praise God for His creative goodness!

Have you praised God lately

for His creative goodness? That is, does your life reveal that you have been living as one who was created "just a little lower than the angels"? How about just yesterday? Would you say that your personal conduct with your husband; your wife; your son; your daughter; your sister or brother; your employer or employee could be truly classified as being almost angelic? After all the Word of the Lord teaches us that we have been created "a little lower than the angels"? How about today and tomorrow? Will your conduct towards others be more angelic than yesterday's? It should you know!

"I know it should, but nobody ever lives in this 'rat race', 'dog eat dog' world as though he had been created 'a little lower than the angels'. It's impossible", you say. Is it? Jesus did! and by the grace of the risen Christ, you can! If you consciously want to. Do you?

GEORGE LOEWENSTEIN, DIANE VERGA & BOB SACCOMANNO

3rd Place - Lynn Dowinsky - East Paterson, 2nd Place Robert Friedman - East Paterson.

First Place was won by Miss Diane Verga of St. Leo's, whose winning essay reads as follows:

What My American Patriotism Means To Me

From the beginning of time man has fought to become a free man. So in the year 1787, the Constitution, written for the people of the United States of America, stated that the people shall have freedom of religion, freedom of speech, freedom of the press and the right to assemble and petition. Where but in America can this be?

Where but in America can you wake up on a Sunday morning or any day of the week and go to the church of your own choice and worship God in your own manner?

this freedom for us. They fought many battles, some of which they lost, but others they won. The patriot today is still fighting to keep this freedom which belongs to him. He is trying to keep out communistic ways and also trying to keep out a communistic government. He is trying to keep this country of ours a safe, peaceful, happy place to live. So with all the continents, countries, islands, big cities and small towns in this great world, I thank God that I was born in the United States of America and that I am a true citizen of the United States.

We would again like to congratulate Diane on a job well done and also thank all of the students who competed in this contest. I would also like to thank the judges for their time and all the other wonderful people who helped make this contest a success.

A special "pat-on-the-back" is given to George Lowenstein and Alex Franz Co-Chairman of the project.

The Feminine Touch

The holidays are over and here we are at the beginning of a brand new year. Let's hope 1966 will bring peace to the world and all our boys back home from Viet Nam. Parents who have sons of "that age" and who went through the trying times of World War II, get that sinking feeling in the pit of their stomachs whenever they hear war news or read the newspapers. Let's all pray for peace... pray our boys who are now in Viet Nam will return to us unscathed... pray our boys who are not yet in the midst of it will never have to be... and pray for the strength to live the kind of lives necessary to prove to those of our boys who have already given their lives in Viet Nam, that they have not died in vain. Everything else will fall into its proper place if we can do this.

We've missed you these last two weeks, and hope you've missed us. We hope your holidays were pleasant. Here is a rundown of some of the social events which took place during the past couple of weeks:

Democrat deplore the tactics of Mr. Andora, Mr. Spinato and Mayor St. George, leaders of the majority who have set up their own special blueprint to take control of our borough 'lock, stock and barrel'.

"I am referring specifically to the diagram of the new seating arrangement signed by Mayor St. George. As I see the picture, Andora, Spinato and St. George show a callous disregard for my rights as an elected official and are trying to dictate where I may sit. To me, as a Democrat, I can only say this action reminds me of something other than the American way of fair play.

"I have been elected fairly and squarely by the people of East Paterson to represent them, and not act as a puppet or yes man for any majority group. I have been sitting in this seat for the past eleven years, and nothing but

the will of the people will move me from this seat I have occupied and will continue to sit in until Andora, Spinato and St. George eliminate me.

"As a life-long Democrat, I wouldn't expect this kind of treatment from anyone, least of all from Mr. Andora, who, I might add, was named Boro Attorney only because it was my deciding vote which put him there.

"I can only add, if the United Democrats want to have their 'cozy corner' at the Council, they will have to make other arrangements. I have no intention whatsoever of giving up my seat or my rights as an individual and elected official."

Head Coach — Tony La Sala

With the holiday season past, we get down to covering our winter sports, Basketball and Wrestling. Our Crusader basketball team has had some rough sledding, even without the snow, meeting the very best basketball teams in the area in the first five games.

With a green team going for you, this type of schedule is a new coach's nightmare. Head Coach LaSala predicted in a pre-season statement that the club would start clicking around mid-season. We're all rooting for you, coach, and we urge all East Paterson sportsmen to help our team in pulling out of their long siege.

TONY EREDDIA, RIGHT, HEAVYWEIGHT, 3RD PLACE

HARVEY GOLD, 98 LBS., RIGHT, RECEIVES HIS THIRD PLACE PLAQUE

On the brighter side, the East Paterson Matmen did themselves proud at the annual Bergen County Coaches Christmas Tournament, held at Ridgewood. Our team came in fourth in a field of 16 schools following only Bergenfield, Paramus and Wayne. Head Coach Joe Castiglia, while pleased with his team's performance, was somewhat disappointed with a few of his big guns who were defeated in quarter final and semi final matches.

Joe, not one for excuses, answered the many questions posed by the wrestling fans with a "he did his best". We're sure that our boys will do well for Coach Castiglia and his assistants, and will be coming all out in dual matches. Our only finalist was Mark Elbaum in the 123 pound class.

Opening the season with a bang, the Crusader Wrestling team, coached by Joe Castiglia, romped to an easy victory over Kennedy High School from Paterson 52-0.

Harvey Gold, 98 lbs., Steve Gold, 106 lbs., Paul Stalrecht, 115 lbs., Mark Elbaum, 123 lbs., Chuck Ciolino, 130 lbs., and Pete Ciolino, 135 lbs., Bob Fallon, 177 lbs., and heavyweight Tony Ereddia, all registered pins.

Dennis Camlet, 141 lbs., Joe Avanzato, 148 lbs., Stu Levine, 157 lbs., and Bob Weissman, 168 lbs., took their matches via points.

While Kennedy is a first year wrestling school, Coach Castiglia could take nothing for granted. Many wrestling fans remember too well when East Paterson started. The so-called established wrestling schools thought they had a pushover and were shocked when the Crusaders beat the best, went on to the districts and even sent two boys to the States. The boys should be up for every match and wrestle their best.

Our congratulations to Coach Castiglia in his debut.

motion, seconded by Councilman Pulzone, naming Leo Lambert, United Democratic Club member, to fill the seat vacated by St. George. The motion was not acted upon.

APPOINTMENTS

Councilman Roy Meyer resigned his seat on the Board of Adjustment and Florio Chiappelli was named to fill this post. All other appointments were passed with the bloc vote of Councilmen Hampel, Donlevy and Verga with Councilmen Pulzone and Goodwin voting "yes" in some cases and "no" in others, along with comments and in one case with Councilman Pulzone voting "no-no".

The appointment that caused most dissention was that of Richard Savage of the Savage & Nunno firm as Boro Engineer replacing Florio Job, who had held this post for the past ten years. Councilman Pulzone deplored the actions of Councilmen Hampel and Donlevy, who he said had assured Mr. Job he had done a good job and "had nothing to worry about"...and that Mr. Job only recently had been authorized to follow through on several projects, one which will call for a \$5,000 to \$6,000 payment and that we will be "paying double for political appointments." Mayor St. George replied this was not a political appointment and that he doesn't feel "Job is incompetent, but that Savage will do a more commendable job."

Councilman Goodwin said that Mr. Job has served the Boro well for the past ten years and that professionals should "not be appointed for political reasons" and went on to point out that Mr. Savage "was the same gentleman Anthony Andora wanted last year. Andora worked with Nunno's brother in the prosecutor's office." Outgoing

Mayor Molnar, from the audience joined the fray when the public meeting was opened to say "Municipal business should be handled in the Municipal Building and not in the UDC clubhouse" and that Mr. Job, who had originally been appointed by Democrats had been kept in this post through Republican and Democratic administrations because he had proven truthful and honest and he couldn't "see how a man like this is let go. I'll check to see if there are other reasons" Molnar concluded.

THE PUBLIC IS HEARD

Former Democratic Councilman Julius Rubenstein, in the public hearing, noted that since the Boro will collect 6% interest on delinquent taxes, he felt it only fair that the Boro also pay the same rate of interest on tax rebates that are not paid on time.

Speaking on the selection of the Garfield Messenger, weekly newspaper to carry the longer Boro legal, Mr. Molnar said that the Messenger had been used in 1952 and 1953, and that they had "lost face when former Councilman Cingale charged them with overcharging the Boro." Mr. Molnar also spoke on the conflict caused many times by the Board of Education and the Council holding their meetings on the same night.

School Board Trustee Rose Lopchuk questioned the Council on the amount of money that will show up in our budget as a surplus. Mayor St. George and former Finance Chairman Donlevy both said they didn't know the amount and that it will be made public as soon as the auditor completes the books. Mrs. Lopchuk, who had been told at a school board meeting the figure was \$200,000, said she hoped the public would be informed rather than a "select group".

Michael Vaccaro suggested that tax search and assessment search fees go to the Borough

rather than to the tax collector and Boro clerk, who are already being paid as full time Borough employees. He said that this is an antiquated ruling which was set up at a time when these two offices were held on a part time, rather than a full time basis.

Mr. Robert Ross asked Mayor St. George if he had read a letter written recently by Miss Gertrude Unsel and what he thought of it. Mr. St. George said he disagreed with Miss Unsel's statements. Mr. Ross added the Mayor would do well to pay attention to what Miss Unsel has to say. Following is the letter referred to by Mr. Ross:

Dear Sir:

The people of East Paterson who voted for Albert St. George for mayor thought they were just voting for a good Democrat. They had no idea that the were voting for a Metro man as he is now demonstrating.

St. George is bent on creating a land-use or industrial commission for this little community of 23,000. This is not his own idea. The blueprint for this gimmick comes from the League of Municipalities, one of the branches of the Metro organization whose headquarters is in Chicago and whose activities are generously financed by the Rockefeller and Ford Foundations. This is the method of taking the control of local government out of the hands of the people.

Everyone in East Paterson, regardless of party affiliation, should write to Mr. St. George and to the Council as a whole protesting this action and demanding that the zoning board be retained to function under the jurisdiction of our elected representatives as in the past. Better still, a big crowd of taxpayers should get to the next council meeting and voice their protest. Otherwise, our

citizens may find that their property may be taken away at the whim of this unelected agency, over which the voters can have no control whatsoever. It can happen here and it is.

COMMITTEE APPOINTMENTS

Councilman James Donlevy, who has served for one year, was appointed Council President. Councilman Goodwin felt this appointment should have gone to Councilman Pulzone in deference to the fact that he has served in this capacity for three years (Councilman Goodwin, himself, has been seated on the Council for 11 years).

The full committees, with the first names mentioned being the chairmen, follow: police, Verga, James Donlevy, Lawrence Pulzone; DPW, Meyer, Verga, James V.; Goodwin; finance, Hampel, Verga, Meyer; fire, Donlevy, Hampel, Goodwin; building and grounds, Pulzone, Meyer, Hampel; ordinances and insurance, Goodwin, Donlevy, Pulzone.

Councilman Pulzone thanked the entire Department of Sanitation, particularly Mr. Santero, for their fine cooperation during the past year.

Councilman Goodwin suggested that ex-police chief Bloor's six month separation pay be sent to him as soon as possible, and that something should be done to expedite the tax refund due Michael Vaccaro. At last month's Council meeting, Mr. Andora had said that this would only take one or two weeks to come through, and Mr. Goodwin wanted to know what was holding it up.

Newly-elected Councilman Charles Verga said he would like to meet with Earl Sattler, last year's Police Commissioner, to go over the entire picture with him and Councilman Meyer requested the same of Council-
